***Core Capabilities:*** Product strategy, UX/UI, prototyping, automation, AI-assisted development, creative direction

### SELECTED PROJECTS

#### 3D SPORTS DISPLAYS | *3dsportsdisplays.com*

Interactive web development / 3D product customization

- Built an interactive 3D product configurator with Three.js and React Three Fiber, allowing customers to personalize football and basketball displays with names, numbers, colors, and design options.
- Launched Stripe checkout and fulfilled paid customer orders, designing and 3D-printing the physical products.

#### ELITE HOME SOURCES | *elitehomesources.com*

Product strategy / UX / Full-stack development

- Designed and built a platform connecting a service business's full workflow: appointment requests, scheduling, SMS and email, crew coordination, billing, and follow-up.
- Built a scheduling and booking system for Elite Spa Movers, saving hours of administrative work, and rebuilt the Elite Home Sources website with a custom appointment scheduler, increasing leads by 28%.

#### MINISTRY LINKER | *ministrylinker.com*

Founder / Product strategy / UX / Marketplace development

- Founded, designed, and built a platform connecting churches with speakers, musicians, and production professionals, with discovery, profiles, onboarding, accounts, and payments. Grew to over 300 users in under two months and sold the business.

#### KINGDOM CONFERENCE | *tyler-woodruff.vercel.app/work/kingdom-conference*

Creative direction / Original video / Live experience

- Directed two annual editions of a two-day conference for 350 attendees each, covering visual identity, original video, stage and lighting design, screen content, and technical production.
- Organized and led a production team of 30+ individuals.

#### RIVER OF LIFE | *tyler-woodruff.vercel.app/work/river-of-life*

Desktop application / Electron / Media processing

- Built a macOS app with Electron, React, and TypeScript that transforms song audio or video files into custom worship visuals, syncing lyric overlays with the music to create polished videos for worship services. Reduced production time from hours to minutes per service.

#### PERSONAL PORTFOLIO | *tyler-woodruff.vercel.app*

Next.js / TypeScript / PostgreSQL

- Designed and built the site, including a private analytics dashboard measuring scroll depth and section engagement.

# TYLER WOODRUFF

CREATIVE TECHNOLOGIST

## RELEVANT EXPERIENCE

### HI-VIBE SUPERFOOD JUICERY | *hi-vibe.com*

Aug 2026 - Present

Creative Technologist, Shopify & Product Development | Contract | Remote

- Built the brand's Shopify storefront with custom Liquid, product configuration, page design, and original video.
- Developed a testable member app covering sign-in, a member dashboard, guided programs, journaling, and community.
- Turned founder concepts into customer journeys, creative assets, and email experiences, and handled QA across the digital experience.

### INDEPENDENT/FREELANCE

Feb 2010 - Present

Creative Technologist & Designer | Freelance

- Delivered logos, brand identities, videos, websites, and apps for small businesses and local organizations, including Joe Dills, State Representative, and Josh Wiley Tattoo, taking projects from concept through launch.
- Designed and shipped full-stack products in Next.js, TypeScript, and Supabase, integrating Stripe payments and transactional email.
- Completed hundreds of logo, branding, and video projects for clients over 16 years.

## ADDITIONAL EXPERIENCE

### LIFE CHANGE CHURCH

Mar 2023 - Dec 2025

Creative Pastor & Event Lead | Milford, OH

- Led creative direction and technical production for 500+ weekly attendees across services, digital content, stage, lighting, and screen media.
- Directed a team of 50 volunteers, building the media workflows, training, and onboarding behind 65 services and major events each year.

### TRUE LIFE COMMUNITY CHURCH

Feb 2019 - Feb 2023

Family Life / Associate Pastor | Troy, OH

- Produced promotional and recap media, stage designs, and live events for 400+ attendees, coordinating AV infrastructure, vendors, and technical execution.

## EDUCATION & TRAINING

- Brown Mackie College - Coursework in Audio & Video Production, 2007-2009
- Pastoral Leadership Institute - Leadership & Communication, 2022
